Manual del usuario

Open Journal Systems (OJS) es una plataforma para la circulación de textos en el proceso editorial y un sistema para una publicación en línea.

Gracias a la integración, los usuarios de ambos sistemas pueden:

- operar los sistemas integrados a través de una única cuenta en OJS;
- enviar documentos para su análisis antiplagio con un solo clic;
- recibir el informe de similitud en la cuenta del usuario en OJS.

Antes de utilizar el plugin, debe crear el envío y cargar el archivo.

The screenshot displays the 'Submit an Article' workflow in OJS. The main page has a sidebar with 'New Submission' highlighted and a progress bar with steps: 1. Start, 2. Upload Submission, 3. Enter Metadata, 4. Confirmation, and 5. Next Steps. The 'Section Policy' and 'Submission Requirements' sections are visible, with several requirements checked. An 'Upload Submission File' modal is open, showing a progress bar with steps: 1. Upload File, 2. Review Details, and 3. Confirm. The modal includes a dropdown for 'Article Component' (set to 'Article Text'), a dashed box for file upload with the text 'Drag and drop a file here to begin upload', and an 'Upload File' button highlighted with a red border. At the bottom of the modal are 'Continue' and 'Cancel' buttons.

1. CÓMO UTILIZAR EL PLUGIN:

En la lista de envíos, seleccione el documento que desea enviar para el análisis antiplagio -expándalo haciendo clic en la flecha- y, a continuación, haga clic en "View Submission".

The screenshot displays the OJS (Open Journal Systems) interface. On the left is a dark sidebar with the OJS logo and a menu containing 'Submissions', 'Issues', 'Settings', 'Users & Roles', 'Tools', and 'Statistics'. The 'Submissions' menu item is circled with a '1'. The main content area is titled 'Submissions' and includes tabs for 'My Queue' (14), 'Unassigned' (14), 'All Active' (26), and 'Archives'. Below these tabs is a 'My Assigned' section with a search bar, 'Filters', and a 'New Submission' button. A list of submissions is shown, with the first entry 'Smart Test test' (ID 17) circled with a '2'. This entry has a 'Submission' label and a blue expand/collapse arrow. Below the submission details, there is a section for 'Open discussions' (0) and a note: 'Last activity recorded on Tuesday, February 2, 2021.' A 'View Submission' button is circled with a '3'. The second submission in the list is 'Smart test345' (ID 16), also with a 'Submission' label and a blue collapse arrow.

En la vista previa del envío, haga clic de nuevo en la flecha para mostrar las opciones bajo el documento y, a continuación, Enviar el archivo para análisis antiplagio.

The screenshot shows the OJS submission interface. On the left is a dark sidebar with the OJS logo and navigation menu items: Submissions, Issues, Settings, Users & Roles, Tools, and Statistics. The main content area has a top navigation bar with 'Workflow', 'Publication', and 'StrikePlagiarism.com'. Below this is a sub-navigation bar with 'Submission', 'Review', 'Copyediting', and 'Production'. The 'Submission Files' table is visible, with a file 'jsmart, test EN.docx' selected. A mouse cursor is pointing at a blue arrow icon next to the file name. To the right of the table is a panel titled 'Antiplagiarism analysis status' with a 'New' button. The top right of the interface shows 'English' and 'View Site' options.

This is a close-up of the 'Submission Files' table row for the file 'jsmart, test EN.docx'. The table has columns for file name, date, and type. Below the file name, a dropdown menu is expanded, showing four options: 'More Information', 'Edit', 'Delete', and 'Send the file for antiplagiarism analysis'. A mouse cursor is pointing at the 'Send the file for antiplagiarism analysis' option. At the bottom of the table, there is a 'Download All Files' button.

List of possible text manipulation attempts

In this section, you can find information regarding text modifications that may aim at temper with the analysis results. Invisible to the person evaluating the content of the document on a printout or in a file, they influence the phrases compared during text analysis (by causing intended misspellings) to conceal borrowings as well as to falsify values in the Similarity Report. It should be assessed whether the modifications are intentional or not.
