

StrikePlagiarism.com

Admin's manual

Before you start working with Brightspace, you need to register your LTI at our LTI platform.

Go to the link  <https://lti.strikeplagiarism.com>

The screenshot shows a web browser window with the URL lti.strikeplagiarism.com. The page title is "StrikePlagiarism.com Platform Manager's dashboard" and there is an "English" language selector in the top right corner. The main heading is "How do you access StrikePlagiarism LTI?" followed by the instruction "Select the LMS and follow the guide." Below this, there are two options: "Canvas LMS" with a red square icon containing a white circular pattern, and "Brightspace" with an orange circular icon containing a white stylized letter 'B'.

1 Choose registration.

2 Enter the data and complete the registration.

After registration, enter the Brightspace to get the deployment data.

Using StrikePlagiarism with Brightspace

Step 1. Create LTI-tool

Go to the "Admin Tools" and select "Manage Extensibility"

The screenshot shows the Brightspace Admin Tools interface. At the top left, it says "Jessa's Learning Zone". The main navigation bar includes icons for Announcements, Calendar, Quick Eval, Discover, and Data Access. A large banner reads "Welcome to Brightspace!". Below the banner is a Google Search box. The right-hand side of the screen displays a list of administrative tools, including External Links, System Log, Administration, OpenID Connect, Password Policy, Roles and Permissions, SAML Administration, Trusted Sites, Product/Tool Administration, Bulk Tool Configuration, View Product Versions, D2L Administration, Activation Diagnostics, Custom Login Logic Configuration, Health Checks, Logging Configuration, and Plugin Management.

Log in to your account as an admin.

D2L BRIGHTSPACE

1

The StrikePlagiarism tool should be added to each course Navbar by your LMS Admin.

The screenshot shows the D2L Brightspace interface for a course titled "Plagiat Course 1". The top navigation bar includes the D2L logo, the course name, and icons for a grid, chat, and notifications. Below this, a row of icons represents different course sections: Content, Course Tools, Assessments, and StrikePlagiarism. The StrikePlagiarism icon is circled in red. Below the icons is the "Edit Nav" section, which includes a text input field for the navbar name (currently "Partner Static Navbar - Copy"), a link to "Edit description", and a "Links" section with four link cards: Content, Developer Reso..., Course Tools, and Assessments. An "Add Links" button is highlighted with a red starburst and a red arrow pointing to it. At the bottom left, there is a checked checkbox for "Enable Icon-Based Navbar". On the right side, a dropdown menu is open, showing "Edit This Navbar" and "Manage All Course Navbars", with two orange arrows pointing to it.
